July is Literacy Month

Learning to read is one of the most important things that you have accomplished. The ability to read opens doors otherwise left closed. Help others to open those doors and experience life to the fullest. If making the commitment to help an adult read is too overwhelming then take the time to read to a child. Reading is one of life's greatest gifts.

INTERNATIONAL INTERACT CONFERENCE IN GHANA

Our very own Beyer Interacter, Megan LaRue, is heading for Accra, Ghana, West Africa on August 6th. She will be meeting Rotarians and Interacters from 16 different African countries as well as the group from Northern California for an International Interact Conference. Ghanaian Rotarians and families will host the participants for home stays. In addition to all the fellowship and learning activities, there will be

an entire series of hands-on community service projects throughout Ghana.

“Never doubt that a small group of thoughtful citizens can change the world. Indeed, it is the only thing that ever has.”

Margaret Mead

AN INVITATION FROM SCOTLAND

The following letter & invitation is for all Interacters and advisors worldwide:

Hi:
I bring you greetings from "Bonnie Scotland". I am the Interact Chairman for District 1010. I am

helping organise a Multi-District Interact Rally near Edinburgh. It is to be held in an excellent activity

campus (former private school) between the 10th-12th August. There will be many fun activities, and in addition there will be a Disco and Celidh in the evenings. If you would like any further information about this please get in touch with me. We anticipate participation by Interacters from all over the world and hope this will be a great opportunity for the kids to get together and have fun. I hope it will be pos-

sible for them to stay beyond the Rally and I will be only to pleased to arrange home hospitality for them from Rotarians in this District and hopefully it will be possible to show them some of Scotland's unique culture, Castles, Scenery etc. All the best,
Yours in Rotary,
Alastair Wylie a.wylie@sol.co.uk

ROTARY'S POLIO PLUS PROGRAM

In 1985, Rotary International launched Polio Plus, a 20-year commitment to eradicate polio. Polio Plus is one of the most ambitious humanitarian undertakings ever made by a private entity. It will serve as a paradigm for private-public collaborations in the fight against disease well into the 21st century.

As the polio-eradication program grew, so did Rotary's commitment and involvement. By 1990, Rotary moved from providing polio vaccine to children in developing countries to assisting health care workers in the field, providing training for laboratory personnel to track the polio virus and working with governments around the world

in supporting the historic health drive. Rotary looks to celebrate the global eradication of polio in 2005, the organization's centennial year.

The fight against Polio is still being fought! Your continued support is needed to reach our goals of global eradication by 2005
