SERVICE Above Self

Mark's Message

February is World Understanding Month in Rotary, and it is a time when Districts and Clubs celebrate the Internationality of Rotary. Our District continues to amaze me. Last month, we had about 40 people from our District in Honduras distributing wheelchairs, operating a dental clinic, operating an eyeglass clinic, distributing seeds, and attending a project fair. They were from Madera, Madera Sunrise, North Stockton, Manteca, Stockton Sunrise, Modesto Sunrise, Salida, Modesto, and West Calaveras Rotary Clubs.

This month, Milt and Rosie Camp are leading a group to Peru to view water projects that Sonora Sunrise was involved in, and look for new projects. In addition Ceres Rotary is taking a group to Guatemala to do some work with a school they have adopted. Both groups are about 20 people each.

Other clubs are participating at the local level and recognizing International scholars who are studying in our District. They call their local High Schools and invite the International students to their meeting during February.

Most of the International service projects are done with matching grants from The Rotary Foundation. Just another reason to be one of the "Every Rotarians, Every Year" who donate to The Rotary Foundation.

With "Rotary Pride"

Mark Oliver, Governor, District 5220
