## TURLOCK ROTARY HELPS END BULLYING

~by Bob Stammerjohan—Gil Ogden, Director of Student Services for the Turlock Unified School District, was a guest speaker at the rotary Club of Turlock. He talked about the school district’s very successful anti bullying program – much of which has been funded by the Rotary Club of Turlock. The Turlock schools are in the forefront of an aggressive effort to eliminate student bullying, which is often pervasive in most schools, and they are able to do it because our club has provided much of the funding. The funding is being used to conduct assemblies to deter bullying and to provide training for teachers and staff on how to both detect and respond to student bullying.
