

## District Conference a Huge Success

Thanks to everybody who attended the District Conference in Monterey and made it such a wonderful **success**. There were so many high-lights; it's hard to mention them all. Of course, our grandson Isaac was one. But there was so much going on. We laughed with Dave Hosmer and RI representative Don Mebus as they entertained us with their guitars, and with John Blount when he told joke after joke and then showed old pictures of Nick Mascitelli and Mel Hansen. Dave Tygett had us in stitches with his impersonation of Past RI President Cliff Dochterman. And then we were stirred by Joe Serra talking of Polio eradication and brought to our feet by amazing young people – Angela Bruce-

Raeburn,  
our World  
Peace

Scholar, Katie Ludlow, the District Speech Contest winner, and by the two GSE teams, one going to Romania and one from there. A new item this year was the "Dream makers" video, which we enjoyed at Saturday dinner. The awards were lively and all enjoyed the Saturday afternoon activities. The dancing Saturday night was especially fun, with a Romanian dance or two thrown in.

All in all, it was an amazing time and a great way to begin winding down my amazing year. Thanks to all who put it together. A special thank you to John and Sherri Reusche and their wonderful team of volunteers for all your hard work. Congratulations on a job well done.
